STORM WAS VERY DISASTROUS

Fiercest Ever Known in the Territory.

LOSS OF PROPERTY WAS VERY GREAT

Cloudburst at Enid Rendered Hundreds Homeless.

TRAINS WERE DERAILED AND BRIDGES GONE.

At Foss in Western Oklahoma Three Persons in One Family Were the Victims of the Wind and Chickasha Suffered.

Oklahoma City, Okla., May 25.—On Saturday night and Sunday morning this city and immediate vicinity were visited by the greatest rainfall and severest electrical storm known in the territory's history. Sunday and Sunday night half of the city was under water, being three feet deep in some houses, and ten feet deep in the basements of wholesale establishments.

The Allton Dawson Grocery company sustains a damage to their stock estimated at \$2000. The damage to the Alexander Drug company's stock is estimated at \$10,000; the Oklahoma City Mill and Elevator company lost 8000 bushels of wheat and sustained a heavy damage to its building. Sample cases belonging to traveling men stored in the basement of the Hotel Lee were damaged to the extent of several thousand dollars.

It is estimated the total loss will reach \$100,000. Traffic on the electric railway is suspended on account of the power house being under water. All trains into this city, with the exception of the Santa Fe, are waterbound, and many washouts are reported on the Choctaw.

Lightning struck the barns of the Oklahoma Ice and Cold Storage company and destroyed them, together with several Santa Fe boxcars, entailing a loss of several thousand dollars.

People along the Canadian river had to hurriedly vacate.

At Enid property loss is fully \$300,000, and hundreds of people are homeless. It came at 12 o'clock Saturday night, and in a few minutes houses were submerged.

A bank of water three feet high and 200 feet wide swept down through the bottoms carrying houses and everything before it. Many heartrending scenes were witnessed.

A tornado struck Foss, a town of 200 inhabitants, on the Choctaw, Oklahoma and Gulf railroad, in western Oklahoma, completely destroying thirteen buildings. F. M. Siagel, wife and daughter were killed and a number of persons were injured.

The cloudburst reported at Yukon, eighteen miles west of Oklahoma City, inundated the Canadian valley, causing great damage to crops and stock, but no lives are reported lost.

Rock Island passenger train No. 35, southbound, left the track at the bridge over the Canadian river and the engine and baggage car went into the river. No lives were lost. The entire train was derailed. The weight of the cars caused the track to slide from under it down the embankment. The South Canadian river is way out of its banks, and the approaches to the bridge were swept away by the current.

At Hobart the hallstones measured seven inches in circumference. The Mangum line passenger train reached Chickasha with all the windows broken out of one side of the cars and water standing six inches deep on the floors.

The Frisco has two big washouts between Chickasha and Oklahoma City, and the Washita river is a raging torrent. All trains from the north on the Rock Island and Frisco were abandoned.

A tornado wrecked several houses at Anadarko, Okla.

In the South Canadian valley around Norman, Okla., people had to flee to high ground.

High Water in Kansas.
Topeka, Kan., May 25.—High water is causing much trouble for Kansas railroads. The Santa Fe reports 180 feet of track washed out on the Osage City branch near Quenemo. The Missouri Pacific has a washout at Richland, and the Rock Island is having difficulty in moving trains in northern Kansas. On the central branch of the Missouri Pacific the tracks are in a bad condition, and traffic on the Union Pacific is much delayed. At Emporia the cottonwood river is overflowing its banks and flooding farming country.

Locomotive Boiler Explodes.
Erie, Pa., May 25.—While passing Mays siding on a hill west of Kane, the boiler on one of the locomotives pushing a Philadelphia and Erie freight exploded, killing one man and injuring four others, three perhaps fatally. Crown sheet was blown clear through the caboose.

Standing Guard.
Jackson, Ky., May 25.—State militia are standing guard around grand jury room.

FAMINE IS TERRIBLE

Great Destitution Prevails in Part of Chinese Empire.

SOLD INTO SLAVERY.

Numbers of Men Are Thus Disposing of Themselves, While Daughters Are Parted With for One Bottle of Rice.

Victoria, B. C., May 25.—The steamer Indraville brought news from the Orient of continued war preparations. Japanese correspondents at Pekin tell of large guns arriving over the Trans-Siberian railway for New Chwang. The war feeling in Japan continues and war preparations are still going on.

Heart-rending details of the suffering and death of families as a result of the famine in Kwang Si are given in Hongkong papers received by the Indraville. Mr. Hess, a missionary at Wu Chow, who has been investigating on behalf of Hongkong charities, says that owing to three successive failures of crops the people are starving and dying by the hundreds. During March and April it is computed that 30,000 people sold themselves for employment in the straits settlements and women and children are being sold into slavery on the coast. Story after story of distress are told by the missionary. He told of famished people dying in the act of eating when food was brought to them, of people reduced to skeletons being abandoned; of mothers selling daughters into lives of shame for a mere bottle of rice.

FIERCE FIGHT.

One Hundred and Fifty Macedonians Fell on the Field

Vienna, May 25.—About 150 Macedonian insurgents were killed at the village of Simerdesh, Presha, May 21. According to a dispatch to Neue Freie Presse from Sanlonica, insurgents who were in possession of quantities of dynamite sought refuge in the village and were attacked by Turkish troops. The fighting lasted for thirty hours and ultimately all the houses were burned or blown up by dynamite by Turks. One hundred and fifty bodies were found in the ruins.

A dispatch from Constantinople, May 23, said the fighting occurred all day long May 21 near the Bulgarian village of Mogil, six miles north of Monastir.

THREE LIVES LOST.

It Is Feared That the Death List May Go to Twenty-Eight.

Lincoln, Neb., May 25.—A tornado passed near Norman and later struck Pauline and the intervening country, causing heavy damage. Many lives are reported lost. It is believed the death list will number twenty-eight, while many others have been injured. Details are meager, wires being down in all directions. The known dead: Mrs. Earl Bacon, Mrs. Welliver, John McCurdy. Seriously injured: Mr. Welliver, hip broken.

HARD TO KILL.

It Required Five Electric Shocks to Take Triola's Life.

Ossining, N. Y., May 25.—Antonio Triola, was put to death in the electric chair in Sing Sing prison. Five shocks caused his death. State Electrician Davis said it is harder to kill a thin, wiry man like Triola by an electric current than a stout man, as in the case of a thin man there are not enough tissues to convey the fatal current quickly to a vital part. Mr. Davis also said Triola had thick, greasy hair, which resisted the current. Triola received the first shock at 8:02 a. m. After four more shocks had been given at brief intervals he was pronounced dead.

Antonio Triola shot and killed Maria Cerelik, a young Italian girl, who was a theatrical performer in a small Italian theater on the east side, New York. The girl refused to marry Triola.

TERRIBLE TORNADO.

Thirteen People Were Killed and Much Property Damaged.

Lincoln, Neb., May 25.—A special to the Star from Hastings, Neb., says: A tornado struck the town of Pauline, 124 miles south of here, killing six people. A relief train was sent to the scene. It is believed the entire town is wrecked. A tornado also struck the town of Norman, killing seven people. In the country districts of West Fairfield, Neb., many farm houses are reported destroyed. Eight persons are reported dead. Telephone and telegraph wires are all down west and south of here.

Storm Killed a Chinaman.

Des Moines, Ia., May 25.—A tornado struck the town of Rolfe, seventy miles west of here, late Saturday afternoon, killing Fong Foo, laundryman, fatally injuring a child and wrecking the State bank building. Crayon's general store, Hotel de Main, and one other building. Several residences were damaged.

Stores Unroofed.

Maryville, Mo., May 25.—Tornado visited town of Elmo, unroofing stores.

BRYAN, TEXAS, MAY 26, 1903

PROF. A. L. BANKS GOES TO DENTON,

Tennis Tournament—Other Notes From the A. and M. College.

Prof. A. L. Banks, associate professor of mathematics in the A. and M. College, has been elected to the chair of mathematics in the Girls' Industrial School at Denton, Texas.

Prof. Banks is eminently fitted for this responsible position, and the board of directors of the Denton institution could not have made a better selection had they searched the land over. Prof. Banks is a graduate of this college, and has attended several summer terms at the University of Chicago. Prof. Banks has taught in this college for twelve years, and while every one regrets exceedingly to have the professor and his lovable family leave this college, they feel that this is a deserved promotion for the professor in his chosen line of life work, and the loss of the A. and M. College, in this instance, is the gain of the Girls' Industrial School.

Profs. W. D. Gibbs and F. S. Johnston spent Saturday in Houston.

A tennis tournament has been arranged for this week and every one is very much interested in the outcome. Following are the names of the players: President Houston plays Prof. Johnston, Prof. Gibbs plays Prof. Saunders, Mr. Potts plays Mr. Hemphill, Mr. Hooper plays Mr. Townes, Prof. Banks plays Capt. Avery, Mr. Pittuck plays Prof. South, Mr. Carson plays Mr. Puryear. Three sets will be played by each team and the player winning two out of three sets will be the winner.

GEO. C. ROGERS.

This venerable gentleman died at the home of his daughter, Mrs. F. I. Garth, Saturday, May 23rd, 1903, at the ripe old age of 89 years and 6 months. It is not claiming too much to say that no man ever said or did less that was evil during a long life than he. He was endowed with a fine mind that he had strengthened much by a vast amount of reading—his information was large and his reasoning clear and original. This fine old-school gentleman was gentle in his impulses, his words and his manners and it is naturally followed that his long and patriarchal life was attended by as much honor and obedience as such a quiet and unassuming man would command.

Mr. Rogers was born in Milton, Caswell county, N. C. When quite a young man he went to Jackson, Tennessee to engage in the newspaper business and was married in 1841 to Miss Caroline Doversah of that city. They afterwards moved to Marion, Ala., where for many years he was editor of the Marion Commonwealth and publisher of the Alabama Baptist.

He cast his first vote for Andrew Jackson as president and was a staunch and life-long democrat.

For the past 14 years he has made his home in Bryan with Mrs. Garth, and by his kindly nature endeared himself to all who knew him.

The faithful and beloved wife who shared his joys and sorrows for more than half a century, passed away only one short year ago, while on a visit to Alabama.

Of a family of ten children, seven survive the mother and father: Col. James Rogers of Falkland, Ala., Mr. John Rogers of Marion, and Mrs. Ella High of Newbern, Ala., Mrs. Cora Crawford of Oshkosh, Wis., Mrs. A. D. True of Calvert, Mrs. F. I. Garth and Miss Willis Rogers of Bryan, Texas.

Wichita Falls has an artificial lake covering 3,000 acres and thirty feet deep in places. Thousands of acres of the most fertile lands are irrigated from the lake and fish and game in season are unlimited.

BUSINESS LEAGUE.

The Business League will hold a regular meeting tonight for the consideration of several important matters. Let everybody attend.

Willie Harris, who is a graduate in piano tuning from that department of the Institute for the Blind at Austin, and has had several years practical experience in tuning, will be at home in a few days, and asks his friends and the public generally to reserve their piano tuning for him. Satisfaction guaranteed.

Mr. W. D. Yardley returned yesterday from Corsicana, where he was called by the death of his father, Mr. W. C. Yardley. The remains were brought here last night and will be buried this morning at 10 o'clock at Bethel. Mr. Yardley and other relatives have the sympathy of The Eagle.

The members of the Brazos and Burleson county Commissioners' courts will visit Batte's Ferry Friday to investigate conditions there with a view to the proposed new bridge across the Brazos. A barbecue dinner will be given them on the plantation of T. R. Batte.

Dr. Shaekelford of Petteway, Robertson county, has sent to The Eagle office a mammoth onion and a couple of monster radishes grown by Mr. P. Pollan of Petteway. Judged by these products, the sandy land of Petteway country ought to be utilized exclusively for truck growing.

The school board held a business meeting yesterday. The books of the retiring treasurer, Mr. J. Allen Myers, were checked up and found correct. The funds were turned over to the new treasurer, Mr. W. T. James, whose bond was duly approved.

Geo. H. Wagner, tuner for the Chas. M. Steiff piano company of Baltimore, will be in the city for three or four days to tune the Steiff pianos, and while here will take work in his line on any other pianos. Leave orders with J. A. Myers.

You can see the picture of the book, showing its binding exactly, select the quality of the paper, and save lots of uncertainty and annoyance, if you will phone the Eagle office when you want a blank book of any kind. We represent Exline of Dallas, the biggest house in the South.

When you order over the 'phone from the merchants who handle The Eagle's Colorado trip coupons tell them to save the coupons for you. Don't forget to call for the coupons and vote for your favorite.

"Last Days of Pompeii"—For trains passing Bryan May 30, 1903, 2:14 p. m. and 3:55 p. m., H. and T. C. will sell round-trip tickets to Houston; fare \$1; limit May 31, 1903, W. S. Wilson, Agent.

Anniversary Observed

Chicago, May 25.—The one hundredth anniversary of the birth of Ralph Waldo Emerson was made the occasion of many sermons by Chicago pastors on the philosopher. At All Souls' church Sunday night Emerson was the subject of five addresses. Jenkin Lloyd Jones presiding. Emerson was the theme at many churches during the day. "When he wrote drops of light fell from his pen. When he spoke vast horizons began to glow as at daybreak," said Rev. Dr. Camden M. Coborn in St. James' Methodist church. "Just to see him for an hour was to get sudden knowledge of what he was and of what you might be."

Alleged Confession.

Boston, May 25.—John B. Moran, a lawyer, announces that he has in his possession a written confession of a wholesale bribery scheme mapped out by Massachusetts men, which involves seven prominent legislators. The confession was made by a Boston merchant, a member of the legislature of 1901, who disappeared from Boston after placing the confession in Mr. Moran's hands.

Three Shot on Street.
Freedom, Pa., May 25.—In a shooting affray on a street Sunday evening three men were shot, one fatally. Leo Oranzo, shot above the heart, through the right shoulder and left arm, can not recover; Tony Oranzo, shot in the right shoulder. Angelo Tureinzo, shot in the back. The men were all Italians, intoxicated and quarreled over some trivial matter. There were many narrow escapes of pedestrians.

Fought All Day.
Constantinople, May 25.—Fighting occurred all day long Thursday near the Bulgarian village of Mogil, six miles north of Monastir. Details of the fight, which were presumably between the imperial forces and insurgents' bands, have not been received. Insurgents are active in the Melish mountains, southwest of Djumbala.

Telegraphed for Gunboat.
Tien Tsin, May 4.—(Via San Francisco)—The American consul at Man-kow telegraphed for a gun-boat on receipt of the report that a number of American engineers belonging to the Canton-Hankow railway have been attacked by about forty Chinese some miles south of Hankow.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflames the mucous membranes lining the stomach and exposes the nerves of the stomach, thus causing the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure

Sunday morning Joe Bond, a white youth from Dallas, had his left leg injured while riding on the steps beneath the platform of a vestibuled car on the H. & T. C. The accident happened below Navasota. The young man did not have room enough on the steps, and in endeavoring to change his position struck a cattle guard. His leg was bruised and lacerated above and below the knee and on the ankle. The injuries were dressed at Navasota and a traveling man, it is said, paid the boy's way as far as Bryan. He stopped here with his companion, another youth, and money was made up to send them on to Dallas. He was placed on a cot and put in the baggage car. His injuries are not believed to be permanent. He had a narrow escape by holding on like grim death to the steps.

Mr. and Mrs. Jasper Newton Cole have issued cards to the marriage of their daughter, Janie Mae, to Dr. George Woodhull Emory at the Methodist church Wednesday evening, June 3, at 8:30 o'clock. In a difficulty Saturday night at a colored church festival in the west part of town Sol Marshall, a negro, was cut in the temple and on the side of the neck with a pocket knife, the wounds, however, not being of a serious character. Jim Canady, another negro, was lodged in jail. His thumb is cut, he claims by the other party. Two knives are in the possession of the officers, and one of them, a new one, has blood on the blade. Jim Canady gave bond yesterday in the sum of \$100 and was released. The charge against him is aggravated assault.

Rev. J. V. Coombs of Indianapolis, Ind., one of the most talented pulpit orators in the country, is now holding a meeting in Houston, and the ladies of the Christian church here have been fortunate in securing him for a lecture Tuesday night, May 26. His subject is "Strange Things and Funny People." As there are plenty of both in the world one can readily see that the lecture will be well worth hearing. A nominal admission of 25 cents will be charged. 145

The Carnegie library board held a meeting yesterday afternoon and a committee was appointed to arrange a program for the dedication in July. Rules and regulations for the control of the library were adopted with a provision for revision. The board is busy selecting books for the library and has received very few suggestions from citizens regarding books to be purchased. They again invite expressions from any and all who are interested.

Dr. W. H. Oliver and Dr. Paul M. Raynor returned Sunday from Dallas, where they witnessed three operations in bloodless surgery by the celebrated Dr. Adolph Lorenz. The patients were all children—two with hip deformity and one with a club foot. There were probably five hundred physicians present, from all parts of the state and from adjoining states also, to witness the operations. Dr. Lorenz remained in Dallas over Sunday and performed other operations yesterday.

The board of directors of the Allen Academy held a meeting yesterday afternoon. They have perfected arrangements for building a twelve room addition to the Academy building proper by putting another story on it. The twelve rooms thus provided will accommodate twenty-four more boys. An addition will also be made to the lower story to make it meet the demands of increased size above.

"A Trip Around the World" will be given by the ladies of the Baptist church Wednesday, May 27, from 4 to 11 p. m. There will be four stations of interest—Egypt, Siberia, Japan and Washington, D. C. Central station at residence of Dr. W. C. Friley, where tickets may be secured. Cars leave Central Station every ten minutes. Passengers will be carried free of charge. Tickets for trip will be 35 cents for adults and 25 cents for children. 146

H. Z. T. Wilson of the Alexander neighborhood brought to The Eagle office yesterday the most peculiar collard leaf the writer ever saw. Instead of this plant growing a stem when it went to seed, small stems protrude from each side of a wide, thick leaf and from the top like a parasite growth, and formed the seed pods. The thing resembles a vegetable porcupine.

George Smith visited Dallas Sunday.

AMERICAN GUILT.

Baltimore Clergyman Asserts That We Do Not Treat Jews Right.
Chicago, May 25.—A dispatch to the Tribune from Baltimore says: Rev. Dr. Madison C. Peters, pastor of the Baptist Tabernacle here, in his sermon Sunday night denounced the persecution of the Jews in Russia and then started his audience by declaring that in a measure the people of the United States are guilty of the same crimes for which Russia and the Russians are censured. He said in part: "In America the Jew has a double claim to recognition—the claim of the man under the wide tolerance of the twentieth century and the claim of the American citizen under the broad spirit of the American constitution. Has he received the treatment he merits as a man and the rights he deserves as a citizen? He is caricatured in the comic papers and on our stage. In our social, professional and even political clubs he is blackballed. I have seen Jewish children go home from our public schools in tears because of the offensiveness with which they were taunted. Outrages are frequently perpetrated upon the Jews in our cities under the eyes of the police, outrages which are a disgrace to our public."

DIED OF GLANDERS.

Simon Wilson, a Negro Stableman, Succumbs to the Disease.

Newark, N. J., May 25.—Glanders has caused the death of Simon Wilson, a colored stableman in this city. This is the second case recorded here in which this disease, peculiar to horses, has attacked a human being. The other case is that of Alfred Meyer, who is in the last stages of the disease.

The doctor who attended Wilson says the man became ill last January with an affection which at the time was believed to be cancer of the nose. The ailment did not respond to the usual treatment. Within the last few days the disease spread rapidly through the tissues of the system, particularly those of the nose and throat, and the physician caused the patient to be sent to the hospital. Four hours after his admission to the hospital Wilson died. It then was learned that the case was one of glanders.

Wilson was employed as hostler and general utility man in a stable in this city, where an epidemic of glanders prevails.

Drowned Himself in Bathtub.

Middletown, N. Y., May 25.—Charles Adams, awaiting trial in the Goshen jail for the attempted murder of his wife last January, has committed suicide by drowning in a bath tub. He left several letters to relatives and friends stating that he had determined to destroy himself because he felt sure that he would be convicted. He was to have been placed on trial to-day. He also left a letter for his wife, imploring her forgiveness. Adams shot his wife and then attempted to kill himself in a fit of jealous fury on Jan. 9. His wife was paralyzed as the result of her wounds and will probably not live long.

Two Dams Burst.

Richmond, Va., May 25.—By the bursting of dams of two lakes near Glen Ellen, a few miles above this city, the bank of the north track of the Richmond, Fredericksburg and Potowmack railway was washed away. As a freight train of twenty cars was passing over the weakened track twelve cars went down and most of these were totally wrecked. The engine passed safely over. Engineer Keelon of Richmond was injured, but not seriously. The track was damaged for 1000 feet.

Massacre Deplored.

Philadelphia, May 25.—A resolution has been adopted by Jewish Publication Society of America deplored the Kishineff massacre, requesting president to use good offices to prevent its recurrence and asks congress that racial rights of all citizens be recognized without regard to creed. The resolution was forwarded to President Roosevelt, Secretary of State Hay, president of the senate and speaker of the house.

May Affect Thousands.

Newark, N. J. May 25.—A strike which is likely to affect thousands of employees in the plants of the Edison General Electric company throughout the country is on at the Harrison factory of that concern. About 2400 hands are employed there. There are only forty of the strikers, but they are machinists, and their absence from their work has crippled the work of the factory.

Woman Was Fined.

London, May 25.—Mrs. Gunning Redford, who was arrested at Queenstown May 16, on the arrival there from New York on the steamer Umbria, charged with making false declarations of a child's birth, was brought up and remanded at the Bow street police court here and pleaded guilty. She admitted the child was not her own and said she adopted it. She was fined \$50.

Frost in New Hampshire.

Manchester, N. H., May 25.—Great damage has been done to vegetation in Manchester and vicinity by heavy frost. The mercury dropped to one and two degrees below the freezing point and frozen pools of water were found in some places about town. Beans, peas, potatoes, etc., were cut down to the very ground by the frost.

Getting Along Nicely.

Stamford, Conn., May 25.—Dr. C. H. Borden, city health officer, is giving personal attention to Citizen George Francis Train, who is suffering from smallpox. He says his patient is getting along nicely in the isolated camp and that there is nothing as yet in his condition to indicate a fatal termination. Mr. Train remains cheerful and patient.

Fatal Explosion on Steamer.

Quebec, May 25.—The steamer Coquelin, from Sydney for Montreal, was damaged by an explosion. Lives were lost.

Ceremonies Postponed.

Austin, May 25.—D. D. Bryan of Houston informs the governor that the unveiling ceremonies of the Dick Dowling monument have been indefinitely postponed.

READY

Full and Honorable Acquittal.

Manila, May 25.—The verdict in the court martial of Captain Carl F. Hartmann, of the signal corps, charged with embezzlement of government property, is a full and honorable acquittal.

Character.

"The only thing that walks back from the tomb with the mourners and refuses to be buried is character." That is true. What a man is survives him. It never can be buried. It stays about the home when his footsteps are heard there no more. It lives in the community where he was known; hence we should take care to build into our character only beautiful things.

Right at Home.

"Now," said Mrs. Biggleson's cousin at breakfast on the morning after her arrival, "don't make company of me. I want to be treated just as if I were one of the family."

"All right," replied Mr. Biggleson, helping himself to the tenderest part of the steak, "we'll try to make you feel right at home."—Chicago Record-Herald.

Distance Lent Enchantment.

Some anecdote tells a story of Washington Irving, who was fond of the theater and who on one occasion went into transports over the acting of a famous woman star, yet when an accomodating friend volunteered to introduce him he instantly replied: "Please don't. It would destroy the illusion."

Thought She Knew.

"Say, mamma," queried little Elsie, "what is a stag party?" "Stag, my dear, is an abbreviation of stagger," replied the knowing mother.—Chicago News.
